CELEBRATING 25 YEARS OF PROCLAIMING, DISCIPLING, EQUIPPING  
continuing strong in our commitment to reach the nations for Christ

...from the president's desk.....

**W**elcome to our end of year newsletter - a special Vision edition. We are thrilled to celebrate 25 years of ministry in 2015. God has been faithful and blessed us mightily through YOU, our partners. Your commitment to reach the nations for Christ has helped transform thousands of lives around the world.

In this newsletter, we highlight praise, vision, and a story of impact in our four ministry areas; International Student Ministry (International Crossroads), Muslim Ministry

(including Pray4MENA), Training (Engaging Islam), and Biblical Missiology.

Horizons has grown from a humble beginning, with just my family in a rented room in Boulder, CO in 1990, to over 80 staff members in 12 countries around the world. God has uniquely positioned and equipped us to reach the nations for Him. As we celebrate God's goodness over the past 25 years, we remind ourselves that God has even greater plans for the future and we will continue strong in our commitment to reach the nations for Christ. We ask you to approach 2015 in the same spirit—expecting BIG things in the kingdom and allowing God to use you to reach those in desperate need of Him, through your prayers, your partnership, and your pledges.

Till all have heard, *Georges Houssney*

REACHING THE NATIONS  
AT OUR DOORSTEP

INTERNATIONAL  
CROSSROADS

**IMPACT:** A CU student from the Middle East recently came through our door in Boulder, looking for a place to study in between classes. Our National ISM Director Michelle welcomed her and made her feel right at home. She saw a Bible on a table in our student lounge and picked it up. She then began asking Michelle questions about stories in the Bible, and asked if Michelle could get her a Bible of her own for her to study. Praise God for open doors and open hearts, and pray that God continues to move in this student's heart.

**PRAISE:** Record numbers of Muslims and Saudi students were reached, and record number of decisions for Christ were made in this academic year! We also welcomed Michelle Williams (bottom left) on staff as our National ISM Director

**2015 GOALS:** More unified and dynamic national ISM ministry – empowering and equipping current ISM locations while expanding into new campuses and towns across the United States. This will allow us to reach the nations at our doorstep even more effectively.

MAKING DISCIPLES  
AMONG MUSLIMS

**IMPACT:** "I'm so thankful my brother brought me to the center, where I met Jesus - and now my husband is a believer too!"  
-Syrian Refugee Woman (left)

**PRAISE:** Record numbers of refugees are coming through the doors of our ministry center in Beirut, with over 300 decisions for Christ made YTD and 120 of them are actively being discipled through the center. New Discipleship and Women's Ministry staff members have been added to keep up with the need.

**2015 GOALS:** The Building Hope campaign is raising support to expand and renovate the current center by buying the building of which we currently rent one floor. This will give us the space we desperately need to meet the growing need.

EQUIPPING THE CHURCH  
TO LOVE MUSLIMS

engaging islam

**IMPACT:** "Your instruction was so helpful that I am using it now in my own teaching, But it was the personal example you set that stuck with me more. When we cleaned the restrooms, you were the first to pick up a bucket, Your humility impacted me greatly. I now model my life and ministry in Madagascar after that humility and passion. Wonderful fruit has grown and lives have been transformed from the seeds you sowed in my life 20 years ago."

**PRAISE:** We launched the Engage Course this fall and released the brand new Engage Course textbook. This training offers accessible new formats taught at local churches across the country. This is bringing greater awareness and passion for ministry to Muslims.

**2015 GOALS:** To make even more training available online and on DVDs – giving those without access to traditional training more tools to grow and develop in their ministry.
